Belangrijke onderdelen Universities Act 558/2009

The Universities Act is geschreven door *the Ministry of Education and Culture*. Deze act is herzien in augustus 2011.

Chapter 1. General provisions

Section 1. Application

1. This Act applies to universities which belong to the administrative sector of the Ministry of Education and Culture as provided below. (Amendment 954/2011)
2. The universities referred to in this Act are: (1) University of Helsinki, (2) University of Eastern Finland, (3) University of Jyväskylä, (4) University of Lapland, (5) University of Oulu, (6) University of Tampere, (7) University of Turku, (8) University of Vaasa, (9) Åbo Akademi University, (10) Lappeenranta University of Technology, (11) Hanken School of Economics, (12) Academy of Fine Arts, (13) Sibelius Academy, (14) Theatre Academy, (15) Aalto University Foundation operating as Aalto University (16) TTY Foundation operating as Tampere University of Technology.

Section 2. Mission

1. The mission of the universities is to promote free research and academic and artistic education, to provide higher education based on research, and to educate students to serve their country and humanity. In carrying out their mission, the universities must promote lifelong learning, interact with the surrounding society and promote the impact of research findings and artistic activities on society.
2. The universities must arrange their activities so as to assure a high international standard in research, education and teaching in conformity with ethical principles and good scientific practices.

Chapter 2. Research and teaching

Section 6. Freedom of research, arts and teaching

1. The universities shall have freedom of research, art and teaching. However, a teacher must comply with the statutes and regulations issued concerning teaching arrangements.
2. Instruction in the universities shall be public. For well-founded reasons, access to teaching may be restricted.

Section 7. Degrees and other education and the degree structure

1. In the universities it is possible to study for lower and higher university degrees and for academic, artistic and professional postgraduate degrees. The universities

may also provide continuing professional education and open university education.

2. The higher university degree is taken after the completion of the lower university degree or a corresponding education. In fields to be enacted by Government Decree, education for the higher university degree may be organised without the inclusion of a separate lower university degree where appropriate in terms of the professional demands of the field. The academic, artistic and professional postgraduate degree is taken after the completion of the higher university degree or a corresponding education.

3. Further provisions pertaining to the degrees awarded by the universities, the objectives of the degrees, the structure of the studies and other study requirements, and the degrees to be conferred by each university (educational responsibility) shall be enacted by Government Decree. Provisions pertaining to the status of university degrees in the system of higher education degrees shall be enacted by Government Decree. Provisions pertaining to a more explicit distribution of educational responsibilities among the universities, to fields and programs of specialization, and to the specialization fields and programs on offer in each university shall be enacted by Ministry of Education and Culture Decree based on the proposal of the university. (Amendment 954/2011)

Section 8. Free education

1. Education leading to a university degree and entrance examinations relating to student admission shall be free of charge for the student, unless otherwise provided in this Act.⁴ Universities Act, Finland

2. A person applying to education other than that given in Finnish or Swedish may be required to take a fee-charging international test. For activities other than those referred to in subsection 1 the university may charge fees. Further provisions concerning fees shall be enacted by Government Decree in conformity with the provisions concerning the cost price of transactions under public law in the Act on Criteria for Charges Payable to the State (150/1992).

3. If the fee chargeable to a student provided for in this Act has not been paid by the due date, it is possible to collect annual interest for late payment from the due date onwards in accordance with the provisions of the Interest Act (633/1982). The payment may be recovered by an enforcement order without a court decision as provided in the Act on the Enforcement of Taxes and Charges (706/2007).

Section 28. University regulations and rules

1. The organization of the university operations and administration shall be governed by the university regulations and other corresponding internal rules of the university.

Chapter 6. University steering and financing Universities Act, Finland 27

Section 48. Objective-setting (Amendment 954 /2011)

1. The Ministry of Education and Culture and the university shall conclude a fixed term agreement on the quantitative and qualitative targets of pivotal relevance to education and science policy and on the monitoring and evaluation of their implementation. On the part of the university, the agreement shall be signed by the chairperson of the board and the rector.

2. Where the university-specific targets cannot be coordinated at the national level or by disciplines, the Ministry of Education and Culture may, for the purpose of assuring funding, decide on quantitative and qualitative targets in regard of an individual university to the extent that they form part of the grounds for the financing allocated to the university.

▪ **Organisatie 2: *Centre of Excellence on Social Welfare***

In Finland zijn 11 van deze centra. Er is weinig informatie in het Engels beschikbaar. Deze centra zijn netwerkorganisaties die zich richten op het ontwikkelen van nieuwe methoden van werken, het produceren van informatie met betrekking tot maatschappelijk welzijn en het doen van onderzoek ten behoeve van praktische toepassing. Daarnaast helpen centra voor Excellence on Social Welfare social workers bij het overbrengen van onderzoeksresultaten naar de ontwikkeling daarvan in het social work werkveld. De concrete invulling kan per centrum verschillen. De centra werken nauw samen met de gemeenten en de onderwijsinstellingen.

Er is zeer beperkt informatie aanwezig over deze instellingen in het Engels. Hierdoor hebben wij weinig contactinformatie. Een voorbeeld van een Centre of Excellence on Social Welfare is Socca die werkzaam is in de Helsinki Metropolitan Area.
